MINISTER SAYS HE WILL CLEAR HIMSELF

Kansas Pastor in Jail Under
Charge of Abducting
Young Girl.

WAUKEGAN, Ill., Sept. 17.—Rev.
Wallace M. Stuckey, pastor and editor
of Williamsburg, Kan., now under ar-
rest on a charge of abducting Clara
Lorraine Sutherland, 16 years old, says
he will willingly return to Kansas to
face his family and the charges against
him, as he is innocent of wrongdoing.

When advised last night in jail, where
he is held with Miss Sutherland, that
requisition papers would be sought at
Springfield today by Sheriff Lattimer
of Franklin county, Kansas, for both,
Stuckey said:

"I shall go back willingly, for I can
prove innocence of having abducted
Clara. I met her by chance in the
Union station, Chicago, and, because
she was alone in the city, I felt that I
ought to take care of her. She did not
want to go home."

"I had known her in my Sunday
school, where she taught, and as a mem-
ber of my choir. I cared for her as a
father does for his child. I have four
children."

"My wife and I have had trouble
for ten years. I tired of it and left
my newspaper in charge of my son. I
went to Chicago and signed to play
the cornet in a stock company band.

Then one day I was in the Union sta-
tion and met Clara. I did not want to
send her away and lose her in the big
city. I felt it my Christian duty to
take care of the girl."

The girl, who is 16 years old, but
appears to be 21, made this statement:
"I did not have prearranged plans
to meet Wallace in Chicago. I knew
he was there and he told me he would
be near the Union station. We lived
as father and daughter. He was kind
to me and when he decided to come to
Waukegan I came with him. We con-
tinued to live as father and daughter."

"I don't see why they should prose-
cute him for I met him accidentally. He
did not know I was coming to Chi-
cago."

"I know his wife well. She never
seemed jealous of me and had no rea-
son to be."

BULL ELEPHANT ADDED
TO ROOSEVELT'S LIST

NAIROBI, British East Africa, Sept.
17.—News has come here that Theodore
Roosevelt, hunting in the Mts. district,
has killed a bull elephant with good
hunts. Kermit Roosevelt has been
hunting independently at Guso Nyiro,
and has been successful, bagging five
lions and three buffalo. He has now
started on elephant hunting.

Mr. Roosevelt will move on to Guso
Nyiro to join his son as soon as the
skin of his bull elephant has been pre-
served. E. J. Cunningham, the general
manager of the expedition, and Ed-
mund Heller, one of the naturalists, are
at present engaged on this work.

Mr. Roosevelt declares he has had
"capital fun" and that all the mem-
bers of the party are well.

Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans,
writes: "About four years ago I wrote
you that I had been entirely cured of
kidney trouble by taking two bottles of
Foley's Kidney Remedy, and after
four years I am again pleased to state
that I have never had any return of
those symptoms, and I am evidently
cured to stay cured." Foley's Kidney
Remedy will do the same for you. F.

ANOTHER GREAT STRIKE
IN THE CONSOLIDATED

Special to The Tribune.

GOLDFIELD, Nev., Sept. 17.—One of
the most significant strikes yet made
by the Consolidated copper mine this morn-
ing, when a vein was opened up at
the end of a 200-foot crosscut at the
800 level of the Mohawk. This is the
lowest level of the Mohawk and speaks
eloquently of values at depth in this sec-
tion.

The ore is a sulphide and all through
it run glistering gold. Values from
some of the specimens run away up
into the pictures. The ledge has been
cut for five feet, the width of the drift
and the foot wall is not yet in sight.
It is an entirely new ore body.

METALOGRAPHY---The NEW ART!

Hammered brass ornaments make ideal Christmas gifts—because, as practiced by
amateurs, the art is new. Join the class. No trouble to become an adept at the work,
which is fascinating.

For homeworkers. Artistic and educational. A simple, easily acquired and inexpensive means of
manual training at home—for adults and children.

METALOGRAPHY (The art or process of producing a design or picture on metal)—For
homeworkers. Thousands of amateurs are now making beautiful, simple, yet effective, articles for
beautifying the home. The difficulty heretofore has been to obtain the proper materials in readily
available form. This difficulty has now been effectually removed by the creation of the Apollo
Studios' Metalography. Homeworkers' Sets and "Nonrub" Stencilled Blanks (patents pending).
The "Nonrub" Blanks (both for chasing and piercing) are cut out in the required shapes, ready
for working, thus enabling anyone to make beautiful articles without any previous training or
knowledge of metal work.

THE BLANKS AND TOOLS required are simple and inexpensive; full instructions are fur-
nished with each article. Among the articles which can be made are: Candle shades, lamp shades,
inkstands, paper racks, stamp boxes, book ends, belt and hat pins, pipe racks, tobacco boxes, pin
and ash trays, match stands, picture frames, smokers' articles, jardiniere, etc.

LEARN METALOGRAPHY—With very little practice you can make beautiful brass goods as
well as any skilled metal worker.

Free class every Saturday 11 a. m. to 1 p. m.
